Dear Parents

Our records show that you have a child listed with a food intolerance. This may involve a dairy and/or gluten intolerance requiring a dairy or gluten free menu provision.

Our School Cook, Miss Knowles, is audited regularly, and her next audit topic is around food intolerances.

The school should be in receipt of medical confirmation of food intolerances/conditions. This is in accordance with the Primary School Policy for the provision of special diets and communication of allergens - please see link attached for more information. Primary school policy for the provision of special diets and communication of allergens - Lancashire County Council

Please can I request that you send medical evidence of your child's food intolerance / medical condition requiring a special diet to enable us to evidence and adhere to the local policy.

If you are unable to provide medical evidence, we will unfortunately be unable to provide the special menu option from September 2023 onwards.

Many thanks
